

Bloomington Center for Counseling and Human Development

SERVICES AND FEES

Outpatient Psychotherapy Services

Specializing in treating individuals with anorexia, bulimia, and disordered eating. Also provides services related to mental health issues of athletes.

- Initial Evaluation: \$125
- "50 minute" psychotherapy hour: \$110
- "50 minute" consultation hour: \$110

Consulting and Lecture Services

As members of the NCAA's speaker's bureau, Drs. Sherman and Thompson visit NCAA member institutions and focus on many of the eating-related and body-image problems that some athletes currently experience. In working with athletic departments, they focus on healthy alternatives to eating, weight, body image, and performance. For more information about specific topics, please contact Drs. Sherman or Thompson.

The costs are the same whether one or both psychologists speak to your group. In addition to travel expenses, speaking costs per day are as follows:

- \$1000 for up to two 1- hour talks per day (for one or both)
- \$1500 for up to four 1- hour talks per day (requires both)
